DIRECTOR MUELLER SHOULD STEP DOWN

(Mr. GOHMERT asked and was given permission to address the House for 1 minute.)

Mr. GOHMERT. Mr. Speaker, regarding the recently revealed abuses of power and process by the FBI, Director Mueller has now indicated that he

should have provided adequate training, experience and oversight. He is right.

But it also ignores what may have been one of the underlying contributors to the ultimate problem now revealed. Director Mueller has for some time now changed personnel policies at the FBI that he knew would drive out some of his best agents with the most and best experience to handle such very sensitive PATRIOT Act powers. When a director decides that his policies are far wiser than others, even as he sees that he is driving many of his best, most experienced agents and employees out of their supervisory roles, he has an even greater burden to see that his agents are trained.

Some tried to advise him of the damage to the ranks of experience that he was causing by what he thought to be innovative personnel management. He did not listen, and he did not ensure that the turnover he was creating left adequately trained personnel.

It is a wonderful thing when a leader goes against all the critics to do what he knows to be right, and he is, in fact, right. However, when a leader goes against critics who tried to tell him he was wrong, and he is later proved to be quite wrong, he should do the noble thing and step down without further ado.

Director Mueller has stated himself he must take the responsibility, and he is right. He must and he should. He should step down.

OUR NATION MUST SHOW RESOLVE AGAINST THE IRANIAN NUCLEAR THREAT

(Mr. CANTOR asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CANTOR. Mr. Speaker, recently some Members of the House have proposed using the supplemental appropriations bill to restrict the President's ability to defend our country and its allies from a hostile Iran. Attempts to curtail the bargaining ability and leverage of the United States comes at the precise moment when our Nation must show strength.

However, attempts to dampen our resolve and security send the anti-U.S. forces in Tehran a signal that America is weak. If Iran continues to see that America stands determined to prevent it from going nuclear, it will be encouraged to become a responsible member of the international community.

If we falter, the Iranian nuclear threat may well become a reality. Mr. Speaker, we must not let that happen.
